

WHO ARE WE?

CenEka is the ultimate association for Computer Science and Electrical Engineering students at Ghent University who are passionate about electronics, IT and all digital trends like AI, machine learning and deep learning. We organize formal (workshops, company visits, EMECS ...) and informal events (CenEkwis, Boardgame Night, BBQ ...) to **connect students** and give them the best opportunities to kickstart their careers.

WHAT CAN WE DO FOR YOU?

We connect students and companies on a more personal level. We help you reach out to students and find your future colleagues. The main advantages of becoming a sponsor are:

- You have the chance to **meet** new, almost graduating and enthusiastic **engineers** on a one-to-one basis.
- Direct ads specifically to computer science and electrical engineering students.
- You will create **company exposure** to the engineers of tomorow.

The one disadvantage is that it is not free.

As a standard sponsor, your company can engage with our students via one email and two social media posts on Facebook and LinkedIn. Your logo will be prominently displayed on every page of our website, offering direct access to your own site. It will also be showcased below event listings on the event page, a crucial stop for student activity registrations. Additionally, you'll receive priority placement at our popular job fair, EMECS, maximizing your visibility to potential talents.

STANDARD PARTNER

PREMIUM PARTNER

You'll gain access to all the benefits of a standard partner, and beyond. Your company can create a tailored profile on our site, aimed directly at master's students in computer science and electrical engineering. Enjoy heightened brand exposure with your logo prominently displayed on our t-shirts. Expand your outreach through additional social media posts and email communications at your disposal. Including one **Instagram** post. And you'll receive a discounted opportunity to participate in **EMECS**.

EXCLUSIVE PARTNER

(MAX 3)

As our exclusive partner, you'll have prime access to a vast student audience. Your priority status at CenEka ensures greater visibility with a larger logo, increased social media exposure, and additional emails compared to premium sponsors. Additionally, a unique Instagram Take-Over awaits, allowing you to dominate our stories for an entire day. Furthermore, you can exclusively link your company to a single activity and get the full attention from our students. Either by organizing an enlightening company visit for our engineering students or by participating in a major event like laser shooting or karting, where you can pitch your company and connect with students during the event.

YOUR PARTNERSHIP CHOICES

		Standard (€800)	Premium (€1200)	Exclusive (€2000) (max 3 & non-competitors)
	LOGO on every page of our site			(larger logo)
	Logo on our T-shirt			(larger logo)
	Description on our site		\	✓
	E-mails to all our members	1	2	3
	Social media posts (Facebook & Linked-in)	2	3	4
	Instagram		1 post	2 post & one 1-day takeover
	company visit or activity			
1	EMECS	priority	priority on Standard & 5% discount	Priority on Premium & 5% discount

OTHER OPPORTUNITIES

Partnering together with VTK, we help organise the Sector Day IT & Electronics. This evening you can connect with engineering students while doing an interesting informal activity (e.g. Sushi workshop, Cocktail workshop, wine tasting...)., Students get the chance to ask company representatives what it is like working in a specific industry, what different options are available and why they work at a particular company

SECTOR DAY

(24 OCTOBER) €750 In this monthlong online programming competition, participants write a small Python program to play a multiplayer arcade game against the programs of other participants. Bots are continuously matched against eachother and get points for winning a game. Games are played during the period of one month and are livestreamed to popular streaming platforms like YouTube and Twitch for students to watch. During this month, participants are allowed to improve their implementation and can submit new versions of their bot. At the end of the competition, there will be a closing ceremony (29/11) where the winners will receive their prizes.(**)

You, as CenEbotBattle sponsor will be able to:

- decide on the prizes for the winners and goodies for the participants.
- give a pitch about your company to the participants on the closing ceremony and hand over the prizes to the winners.
- **Display your logo** on the competition's web portal, during the game livestream and on all marketing material.
- meet the participants and introduce your company on the closing reception.

CENEBOTBATTLE

(SEMESTER 1) €2000

(€1700 FOR PARTNERS)

EMECS CAREER EVENT

Join us at our yearly career event, more info on www.emecs.be

Contact: career@ceneka.be

(**) Please note that the CenEbotBattle is a completely new event. While we are actively working to make it a success, please understand that minor changes to the plans and format may occur.
